■ IMPORTANT INFORMATION FOR HOSPITALITY ENGINEERS

5 Reasons why Powerhouse Two should be your Electronic Door Lock maintenance solution!

1. Only **Ph²Power Packs** are loaded with the exclusive Power XP power cells. The only cell ever developed for the unique demands of electronic door locks.
2. **Ph²Power Packs** are available for all major door lock models, and are made to exceed manufacturer standards.
3. **Ph²** builds the only approved original equipment Power Packs for VingCard, Timelox, and MIWA door lock manufacturers worldwide and go in every new installation.
4. **Ph²Power Packs** are built to rigid specifications. Double welding, tight and clean shrink wrapping, and integrated strain relief all combine to make the best pack available.
5. **Ph²Lock Cleaning Cards** prevent transferred oil and dirt build up when used often, and result in long lasting reliable operation.

**POWERHOUSE TWO IS A SERVICE DISABLED
VETERAN OWNED SMALL BUSINESS**
